

Embracing the Bagless adventure!

Navigating through the school halls channeling their inner ninja like abilities, armed with a trusty backpack, a pocket full of exciting activities, and weaving through the day with a smile: students of Classes 6 to 8 at MGM HSS Bokaro enjoyed their first bagless day of the session on an exciting Saturday.

With activities like Yoga, Judo, Karate, Handball, Javelin, Value Education, Kho-Kho, Pottery, Football and Chess; the students showed excellent co-ordination of the body, mind and soul. The carefully planned activities shed light on the importance and need for children to take a break from their textbooks and focus on fun activities that are part of their holistic development.

All in all, it was a colourful day with endless smiles at the campus!
